**HOW TO STREAM SHOWCASING PRODUCTIONS?**

- Please note this is an academic screening, the productions you would like to stream online. You will need your own
  internet connection.
- We recommend you to use the productions you would like to stream. Once you have received your
  streaming link, you may stop, resume, or replay the screening as you like.
- Go to the page of the production you would like to watch and click on the “Watch” button.
- With your e-invitations, you can watch the productions until 14 December.
- You can stream on all Internet browsers. Google Chrome provides the best technical results. All Windows, Mac,
  and Linux systems are supported.
- Please leave the activation code as it is on the captcha screen and move on to the screening. The code is shown
  on the page before you start streaming.
